

## DG Music Artist Info

In order to create an Artist Profile in the new DG Music website we require the information listed below. We are keen for our website to offer the most up-to-date and highest quality information for all of the listed artists.

1. **Images** High quality (and high-res) pictures (Jpeg pref).
2. **Audio samples**, MP3s to be at least 128Kbps or simply post us an audio CD to DG Music, Office Suite 4, Knight's Yard, Gaol Street, Oakham, Rutland, LE15 6AQ
3. **Video**. We do not currently offer live streaming of video within the site but are happy to embed html of YouTube links etc provided that the Video is professionally edited and produced.
4. **Price structure** including any extras e.g. travel, band size options, extra hours etc
5. **Repertoire list**. It is VERY IMPORTANT that we have an up to date list including the artist most associated with each song/piece. It is also helpful to customers if you can group this list into sections e.g. decade or genre.
6. **Blurb** about the band. Make it interesting and honest! Between 200-300 words
7. **Biog on band members**. Just more in depth background on individual members. Don't want CV or history lesson, just role in band, highlights of career and interesting facts etc. About 50 words max.
8. **Testimonials/** customer comments including their name, date and where the event was held (*any* or most recent)
9. **Previous clients/gigs/venues** that are worth a mention, e.g. 'Our Band' has appeared for/at Buckingham Palace, Brit Awards, Glastonbury, Coca Cola, Boots PLC etc
10. **Band website address** (if agent friendly i.e. No contact details)
11. **Certificates** PDF copies of current public liability and PAT testing certificates.
12. **Online diary** Link to google/online diary, if you have one. These can be useful for us to quickly and easily work out basic availability.
